

SM 101 – Understanding Selective Mutism

Presented by Annie DiVello
M.S.,CCC-SLP

2/16/2018

Time: 8:30 am – 3:30 pm
Check-in 8:00 am

Course Description:

This interactive course is intended to help a variety of professionals, parents, and caregivers to better understand the social emotional, physiological, and neurophysiological components of Selective Mutism. Attendees will also have a greater awareness of

Presenter Bio: Annie is a licensed and ASHA certified Speech-Language Pathologist. She has worked with children across the country including

the initial therapeutic targets for individual with SM and better understand the Dos and Don'ts for intervention.

West Virginia, Georgia, and South Central Los Angeles. Her particular area of clinical interest is Selective Mutism. Annie follows a “whole child” philosophy. She enjoys working closely

Outcomes

As a result of attending, participants will be able to:

*Name three or more common traits for SM

*List three or more frequently coexisting conditions

*Differentiate between shyness and SM

*Name at least three myths for SM

*List at least three Dos and Don'ts for intervention

*Describe in your own words this mysterious disorder

with family members, school teams, and other service providers to create a collaborative model of support for the children and families she serves. Annie is the Selective Mutism Association State Coordinator for NH and ME. She leads a Selective Mutism Parent Support Group. Annie is passionate about her field and about helping individuals to find their voices. She feels that the ability to communicate is a beautiful gift.
